

# Retrocommissioning

Technology Enabling Behavior

Carl Samuelson  
BECC 2015

**Michael's**Energy

# Optimized building = energy savings

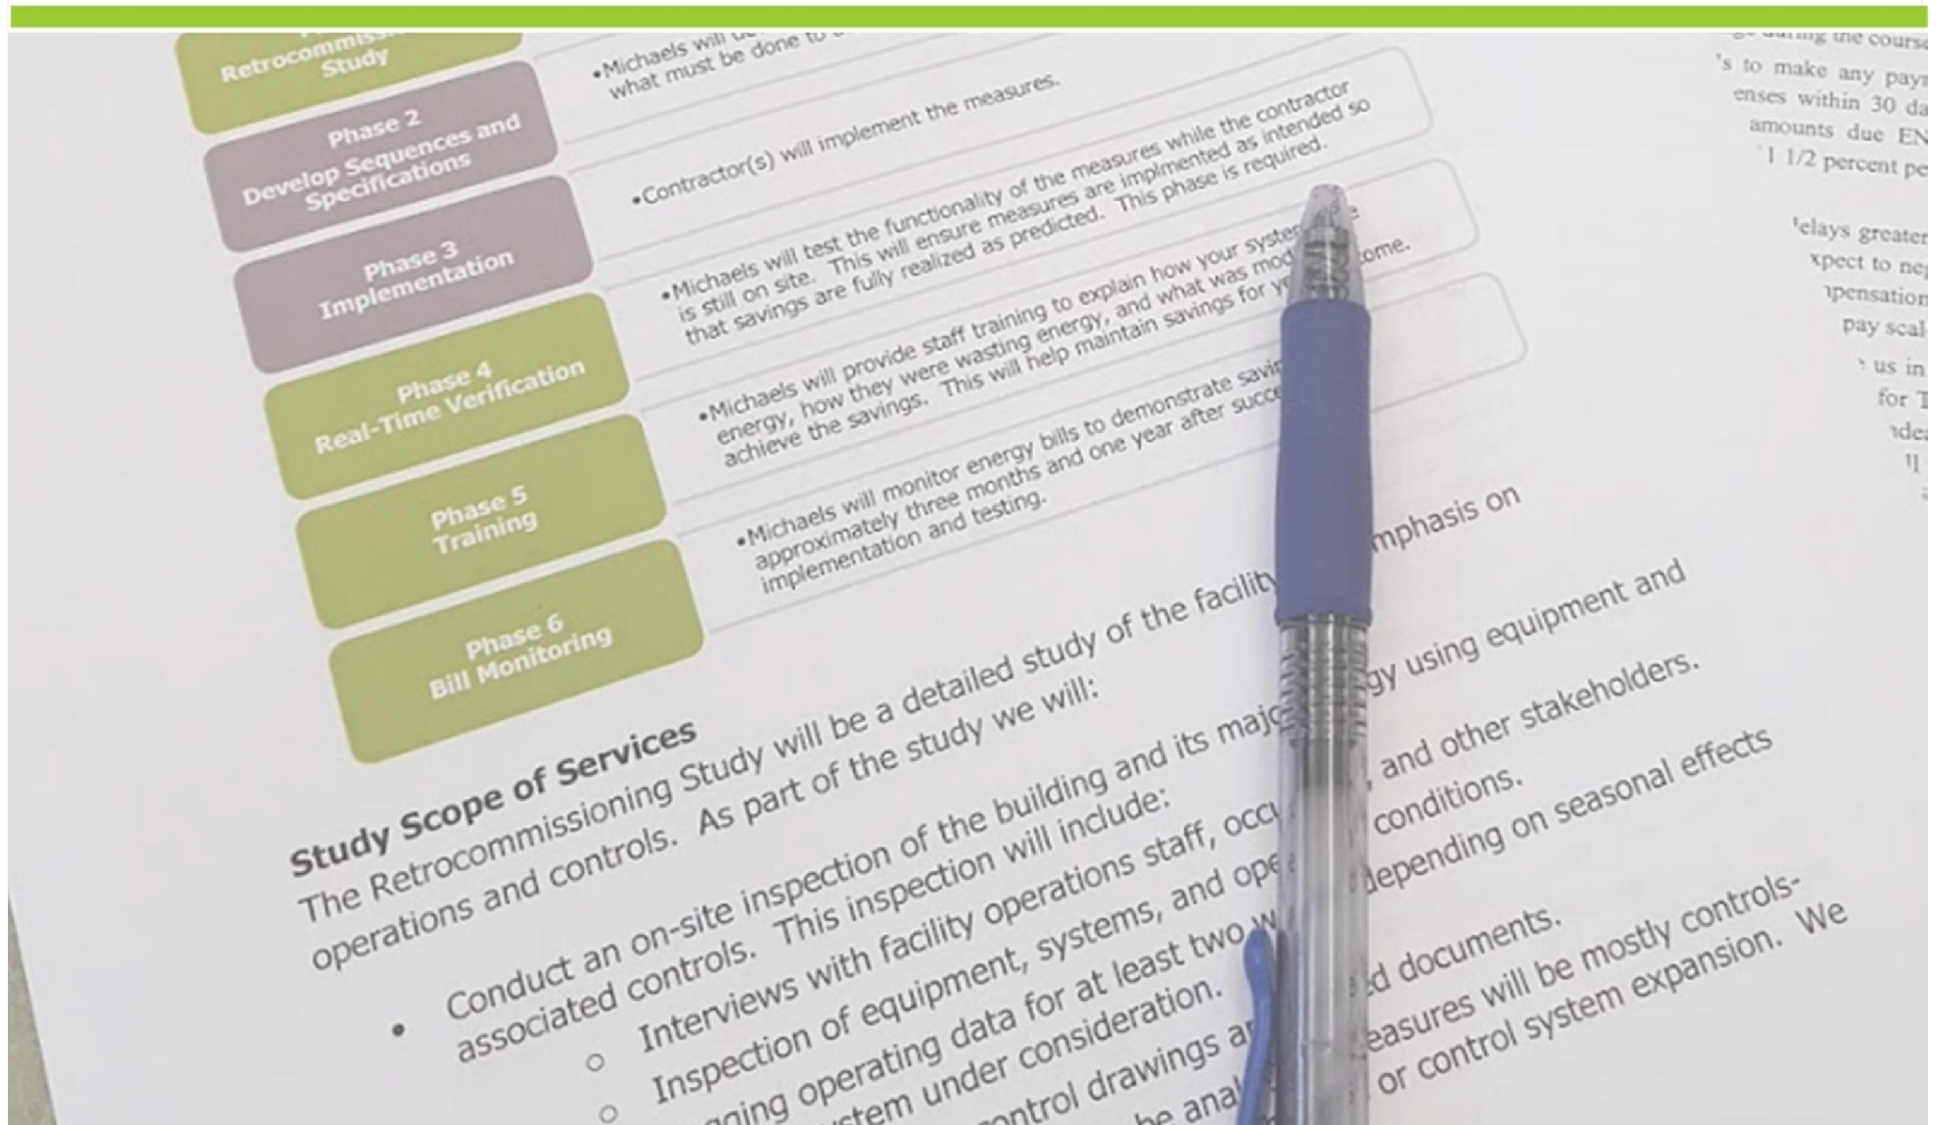

# It's more than good engineering

## Three Key Opportunities

- Program design and outreach
- Staff engagement
- Implementation

# Expect implementation and commitment

## Build customer ownership of the results

---

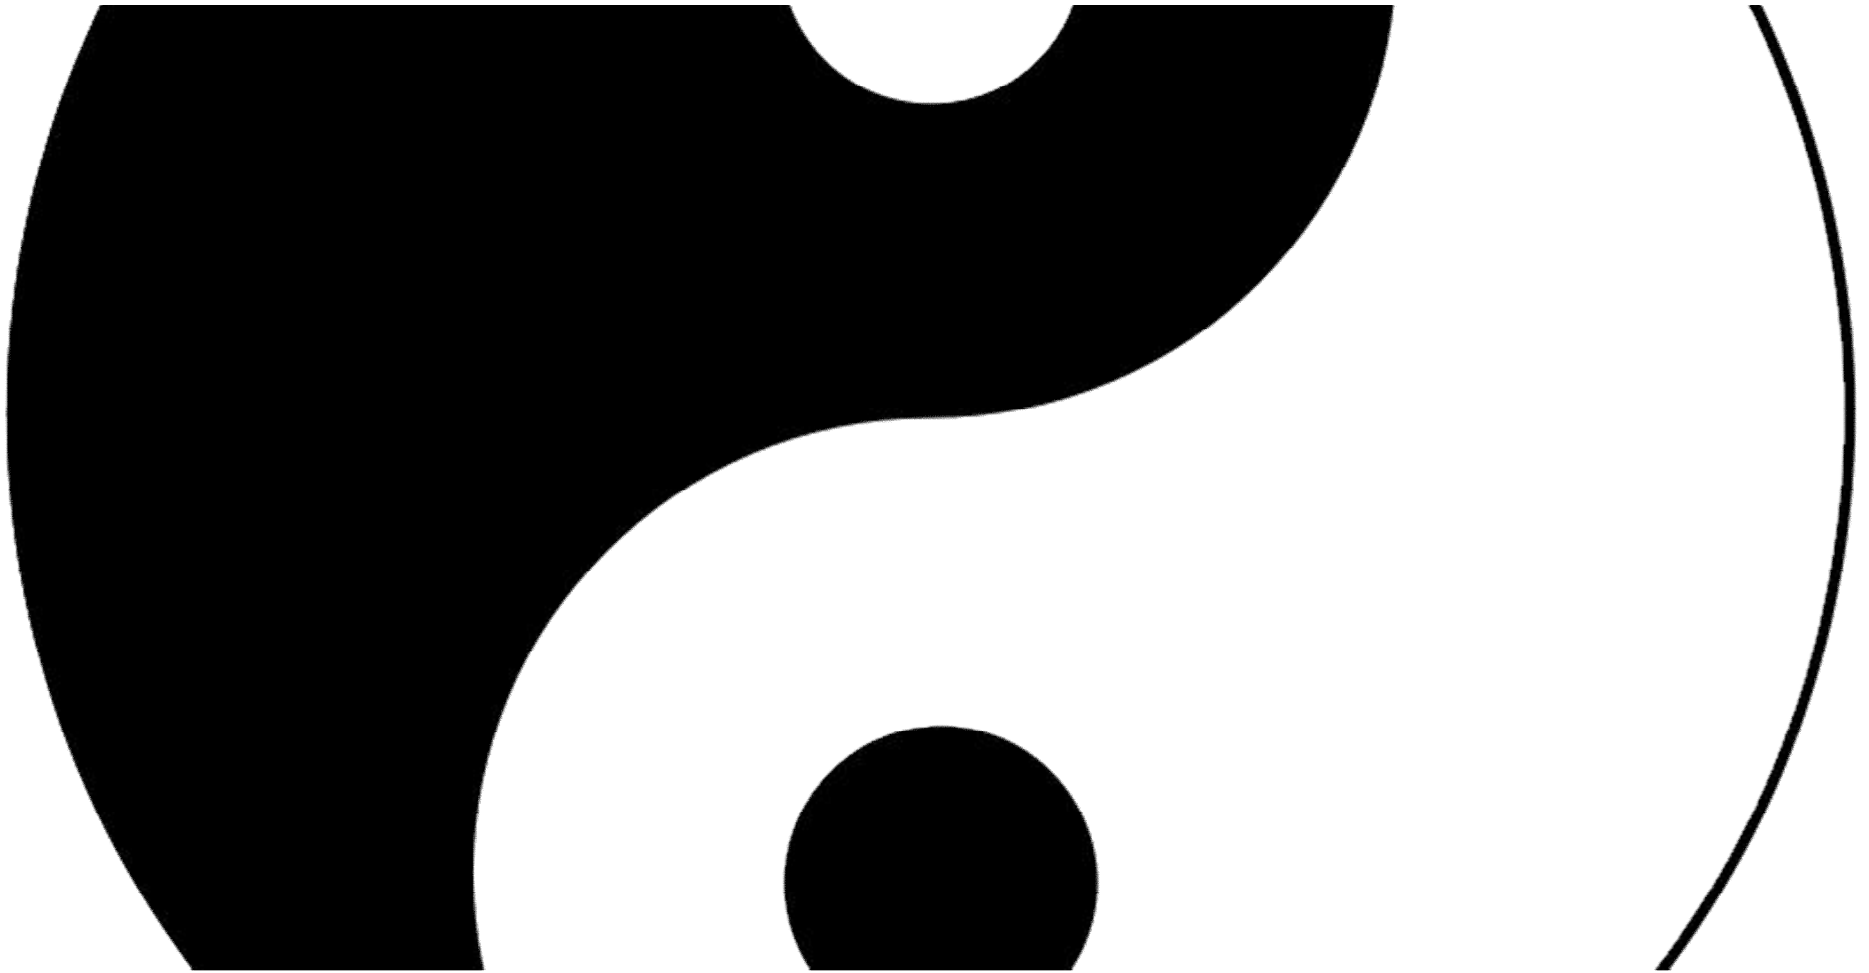

**A**lways

**B**e

**C**ustomer, engaging the

# Turn the contractor into your biggest ally

---

# Make each step easy and focus on people

---
